

PROJECT COORDINATOR

Project title	Period	Grant amount (euro)
INTERNATIONAL RESEARCH GRANTS		
1. Soil erosion and conservation measures: Programul Capacități - Modulul III, Bilateral Romania - Belgia (Université de Liège - Gembloux Agro-Bio Tech) . National Authority for Scientific Research (ANCS), code 589/2012	2012 - 2014	12823
2. Effect of sewage sludge application on quality indices of soil vulnerable to degradation: Bilateral Romanian - Greek. National Authority for Scientific Research (ANCS), Code 18873 / 2005	2006 - 2007	15300
NATIONAL RESEARCH GRANTS		
3. <i>The study of the ecological and economical implication of the capitalization on the sloping and irrigated lands in Moldova Plain</i> , National Council for Scientific Research in Higher Education (CNCSIS), code 618/2004	2004 - 2006	16220
4. <i>Qualitative evaluation and sustainable development of soil resources from the areas with drainage works</i> , National Council for Scientific Research in Higher Education (CNCSIS), code 744/2007	2007 - 2008	43175
5. <i>Ecological management of climate, soil and water resources in Moldavian Plain</i> , PN II, IDEAS - CNCSIS, code 1132/2009	2009 - 2011	109250
6. Online university collaboration network aiming at developing the capacity to provide skills and competitiveness for the labor market: POSDRU/86/1.2/S/62723	2010 - 2012	792356
PARTNER TEAM LEADER		
1. Improvement, conservation and capitalization of degraded soils in agro-ecosystems from hilly areas, for increasing life quality and environment protection: CEEX - BIOTECH - Cod 44/ 2005	2005 - 2008	341892
2. Products and technologies for a sustainable farming system in Moldova Plateau: CEEX - BIOTECH - Cod 152/ 2005	2006-2008	105405
3. Impact of hydro-climatic and pedo-geomorphological risks in Barlad Basin: CEEX - MENER - cod 1012/2006	2006 - 2008	13513
4. Innovative technologies and equipment for implementation the modern concept of fertigation in the irrigated agriculture (FERTIRIG): PN-II nr. 158 / 2014 - 2016	2014-2016	62850

Prof. dr. Daniel Bucur
