

AGRARIAN LAW (2nd YEAR OF STUDY, 3rd SEMETER)

No. of transferable credits 6

Status of the discipline

Domain (compulsory) discipline

Professor in charge of the discipline

PhD, Assoc. Prof. Carmen-Mariana DIACONU

Discipline (lectures and applications) objectives

The lectures are aimed at enabling the master students to acquire knowledge of specific legislation in the agricultural field in order to become familiar with the specific legal standards, the administrative and judicial procedures, either in terms of petitions, applications for authorizations or in case of litigations.

The practical works are aimed at familiarizing students with form templates of petitions, applications for bringing action in court and specific contracts to agricultural relations.

Contents of discipline (analytical program)

Lectures (Chapters/subchapters)
Agrarian Law
1. General concepts of the legal system in Romania. The legal relation between national and European law
2. Judicial mechanisms on the protection of property right
3. The legal liability of the civil servants in central and local structures who have attributions in the field of agricultural public policies
4. Specific contracts to the agricultural domain: comparative analysis between the land lease and concession contract and procedures for public-private partnership in agriculture

Practical works
Specific form templates of petitions and applications for bringing action in court
Debates on the European Court of Justice case law and the manner it influences national case law
Form templates specific to this field. Judicial practice
