

## Position Title: Graduate Student Assistantship

### Description

Seeking qualified MS or PhD applicants for graduate studies in viticulture. A graduate research assistantship, which includes a stipend and tuition waiver, will be provided. The student will need to pay university fees.

The projects will focus on cultural practices, such as canopy management, training, and pruning, as they relate to grape quantity and quality in several regionally popular varieties (i.e. Chardonnay, Sauvignon blanc, Cabernet franc, Merlot, Norton).

**QUALIFICATIONS:** Qualified applicants for MS program need to have a BS in horticulture, food science, plant biology, or closely related field. Qualified applicants for the PhD program need to have an MS degree in one of the aforementioned fields. Applicants with viticulture / vineyard experience will be given preference.

**WHERE:** Successful candidates will be stationed on University of Georgia's main campus, in the beautiful college town of Athens, GA.

**WHEN:** Starting in May, June, or August 2017. Start time is negotiable, particularly for those candidates with related experience.

**HOW:** Contact Dr. Cain Hickey [vitis@uga.edu](mailto:vitis@uga.edu); Applications need to be submitted on-line at <http://grad.uga.edu/index.php/prospective-students/domestic-application-information/requirements/application-forms/>

### Requirements

**QUALIFICATIONS:** Qualified applicants for MS program need to have a BS in horticulture, food science, plant biology, or closely related field. Qualified applicants for the PhD program need to have an MS degree in one of the aforementioned fields. Applicants with viticulture / vineyard experience will be given preference.
