

## Lista lucrarilor publicate sau comunicate:

### Lucrari stiintifice:

- 1) "Efectele fertilizarii microgranulate asupra polenizarii si productiei la culturile semincere de porumb"- Lucian-Constantin Haraga, Conf. Univ. Dr. Lizica Szilagiy 2018:  
-lucrare sustinuta in fata comisiei de licenta;  
-prezentata la Simpozionul Studentesc al Facultatii de Agricultura-USAMV Bucuresti 14-15 iunie 2018;  
-sustinuta in sesiunea Conferintei internationale "Agriculture for life, Life for Agriculture" la U.S.A.M.V. Bucuresti 6-8 iunie 2019
- 2) "Results regarding the effect of microgranulated fertilizers in hybrid seed maize production" - Lucian-Constantin Haraga, Prof. Univ. Dr. Habil. Viorel Ion, Conf. Univ. Dr. Lizica Szilagiy 2022, Series A. Agronomy, Vol. LXV, No. 2, 2022
- 3) "The evolution of the type and maturity group of maize hybrids registered in Romania over time"- Lucian-Constantin Haraga, Prof. Univ. Dr. Habil. Viorel Ion 2022, Series A. Agronomy, Vol. LXV, No. 2, 2022
- 4) "The effects of side-dressing different rates and release types of nitrogen fertilizer on hybrid seed maize production" – Lucian-Constantin Haraga, Prof. Univ. Dr. Habil Viorel Ion, Romanian Agricultural Research No.40, 2023
- 5) "Effects of foliar fertilisation in the production of hybrid seed maize" – Lucian-Constantin Haraga, Prof. Univ. Dr. Habil Viorel Ion 2023, Series A. Agronomy, Vol. LXVI, No. 1, 2023
- 6) "Effects of different sulphur rates and row spacing on oilseed rape" – Lucian-Constantin Haraga, Prof. Univ. Dr. Habil Viorel Ion, Șef lucr. dr. Ioan Puiu Series A. Agronomy, Vol. LXVI, No. 2, 2023- lucrare sustinuta in cadrul Congresului International "Life Sciences Today for Tommorrow" la U.S.V. Iasi 19-20 Octombrie 2023
