

## UA International Newsletter

2023/24 - No. 4

Dear Partners,

You receive this newsletter as a partner of the University of Angers.

Learn about the **nomination of exchange students** for the Fall semester, how to sign up for **intensive French language studies**, the **services we offer to international students**. Also, read about the **research projects** at our university, and the two most recent **honorary degree laureates**.

Happy reading and look out for the next newsletter in September.

## Welcoming your Students

Our team at the International Office helps your students before and during their stay with a comprehensive orientation programme, individual appointments as well as monthly events and discovery day trips. International students can also get a local Buddy to help them settle in, meet other local students and have a truly immersive mobility experience.

## English-taught Programmes

International students have the opportunity to take English-taught courses or complete English-taught programmes at UA.

Browse our catalogue and course syllabi or have a look at all the French-taught courses online.

## Free French Language Lessons

All international students at UA can sign up for FREE French lessons and conversation workshops. Exchange students can take up to 2 courses or workshops per semester and obtain 6 ECTS credits for each.

## Contact and promotion packs

If you are interested in presenting UA to your students, we will gladly send promotion packs by post or by email (for example our catalogue of courses taught in English with presentation of the university and it's schools and faculties).

Requests can be made to the International Office or directly to the coordinators at each school or faculty.
