

I want to take a moment to encourage each of you to consider pursuing an international traineeship through the Erasmus Traineeship Scholarship Program. This opportunity will be a transformative experience that significantly enhances both your academic and professional journey in veterinary medicine.

I am highly thankful to the Erasmus Traineeship Scheme for providing me such a wonderful opportunity during my university period. I personally experienced a joyful, peaceful atmosphere with many helping hands around me whenever I am in need during my entire traineeship period. I observed many changes within and around myself during my practice session in **University of Federico II, Naples, Italy**. I wish to take part in Erasmus Traineeship again to update myself in all aspects. I would like you to experience the same as above mentioned. I am delighted to encourage you to take this step towards an enriching experience that will shape your future in veterinary medicine. Apply for the Erasmus Traineeship Scholarship Program and embrace the opportunity to learn, grow, and feel the difference in the field of veterinary care.

Best of luck on your journey!

Sincerely,

MONISHWARAN KALIDASAN, (INDIAN)
6th year Veterinary student,

Iasi University of Life Sciences, Iasi, Romania.

- ✓ **EXPAND YOUR HORIZONS:** Engaging in an international traineeship allows you to immerse yourself in different veterinary practices and cultures. You will gain insights into diverse approaches to animal care, which can broaden your understanding and enhance your adaptability in various clinical settings.
- ✓ **GAIN PRACTICAL EXPERIENCE:** The hands-on experience you will acquire during your traineeship is invaluable. Working in a foreign clinic or research facility will help you develop essential skills, from clinical techniques to client communication that are crucial for your future career.
- ✓ **BUILD A GLOBAL NETWORK:** An international traineeship provides a unique opportunity to connect with professionals and peers from around the world. These relationships can lead to future collaborations, mentorship, and job opportunities, enriching your professional network.
- ✓ **ENHANCE YOUR CV:** Employers increasingly value international experience. Participating in an Erasmus traineeship demonstrates your initiative, adaptability, and commitment to professional growth, making you a more competitive candidate in the job market.
- ✓ **IMPROVE LANGUAGE SKILLS:** If you have the opportunity to work in a country where a different language is spoken, you will not only improve your language skills but also gain confidence in communicating with clients and colleagues in a multilingual environment.
- ✓ **PERSONAL GROWTH:** Living and working abroad can be a life-changing experience. You will develop independence, resilience, and cultural awareness, all of which contribute to your personal and professional development.
- ✓ **SUPPORT AND RESOURCES:** The Erasmus program offers various support services to help you navigate your traineeship experience. From orientation sessions to mentorship, you will have access to resources that ensure a smooth transition and a rewarding experience.
